

**Help conserve the most precious
resource of our planet...**

with a boost from *FLUSHMATE*[®]

Water. Where would our planet be without it? Yet not a day goes by without hearing about water restrictions. Drought-stricken areas pop up everywhere. The toilets in our homes guzzle 40% of the water we use – more than what we use for the laundry, dishes, cooking and drinking combined!

FLUSHMATE[®], the most water efficient flushing technology in the world, offers a proven solution to help you conserve water: toilets equipped with our 1-gallon pressure-assist technology can save you tens of thousands of gallons per year effortlessly, and efficiently without sacrificing performance.

To find out more, call 800-875-9116 or go to www.flushmate.com/solutions to find out your Enviro-Mentality.
