Water. Where would our planet be without it? Yet not a day goes by without hearing about water restrictions. Drought-stricken areas pop up everywhere. The High Efficiency Toilets (HET) in our homes guzzle 40% of the water we use – more than what we use for laundry, dishes, cooking and drinking combined!

FLUSHMATE,[®] the most water efficient flushing technology in the world, offers a proven solution to help you conserve water: toilets equipped with our 1-gallon, pressure-assist technology can save you tens of thousands of gallons per year effortlessly, and efficiently without sacrificing performance.
